The flight compartment color scheme is in accordance with Handbook requirements except the galley, for which no color is specified. For simplicity, the galley and equipment have been painted grey hammertone.

FLIGHT COMPARTMENT FORWARD SECTION

The flight compartment forward section extends from the nose aft to Station 379 and includes the pilot's and co-pilot's stations, the systems engineer's station, and the navigator's station. This section also includes the main electronic rack as well as stowage for miscellaneous equipment and baggage.
